Submission Nickname: CECA Form 471

Application Numbers: 191042324, 191042325

Funding Year: 2019-20

Type of Adverse Decision: Accept Form 471

Narrative: Our organization had an employee who would file our eRate funding for the past two years but has recently retired. During the time he retired our Information Technology team was aware of the pending deadline for eRate form 470 and form 471. After we submitted the forms, certified and waited the appropriate time it was past the due date. I am asking to be reconsidered for funding year 19-20 as we have submitted the appropriate forms. Please take this letter into consideration.

Sincerely,

Casey Davis
